

【Logo Usage Guidelines】

All Japan Robot-Sumo Tournament Secretariat
Official Document
Version 1.0 – English
Fujisoft Incorporated

1. Only official tournaments can make use of the All Japan Robot-Sumo Tournament logo, hereinafter referred as “AJRST Logo”.
2. The logo should be used only in the poster, pamphlet, billboard, entrance tickets or promotional spaces.
3. Using the logo for purposes other than the mentioned before should be requested to and approved by the AJRST Secretariat.
4. Using the logo in merchandise or any product that will be sold is totally prohibited.
5. The logo usage guidelines shall be as follows:
 - a) AJRST logo should be located in a free space, do not place other logos adjacent to the AJRST logo. This means it should be sufficient clear space around the logo.

- b) AJRST logo color should be not modified, and the inner background of the logo circle should be always white as original.

- c) AJRST should be not deformed, cropped or filtered.

- d) AJRST logo minimum size of the logo should be 180x180 pixels.
- e) AJRST logo orientation reference should be the same as the document or space where it will be placed. It is prohibited to rotate or change the angle between the logo and the reference of the document or space.

- f) AJRST logo should be used completely, it is totally prohibited to isolate any part of the logo, hence "Robochan" picture cannot be used alone.

Breach of the foregoing may have legal consequences, fulfill all the guidelines, if you have any doubt or question contact the AJRST Secretariat please.
